

I received an e-mail today from Joe Scarry of Arc Technology, one of the JUG MKE sponsors.

[Joe writes a blog](#)

for Joomla Chicago and today he was pointing out the recent

[JUG activity in Michigan](#)

I received Joe's e-mail while finalizing the agenda for JUG MKE #2 with the Agenda Committee and I guess all the JUG talk got me thinking about all the Joomla users meeting around the world. So I took a trip on over to the [JUG calendar](#) on Joomla.org. JUGs can post their upcoming meetings on this calendar and I noticed that JUG Cambodia meets EVERY Sunday.

Well done guys, that's some real committment. Keep up the Joomlification!
